

ENVIRONMENTAL POLICY STATEMENT.

S.A.Y Ltd recognises that it has a legal and moral responsibility to manage its activities in such a way so as to reduce the detrimental impact on the environment.

S.A.Y Ltd will adopt a stance of maximum compliance at all levels of its operations to ensure the impact of pollution and environmental disruption is reduced.

This will involve:

- 1) Compliance with all environmental legal requirements, regulations and guidance.
- 2) Integration of environmental factors into business decisions.
- 3) Planning work so as to give due consideration to the potential environmental impact.
- 4) So far as is possible prevent the illegal deposit, disposal or treatment of controlled waste where that waste has been, or will be when under the control of the company.
- 5) Where possible seek to influence the method of construction projects so as ensure that environmental impact is minimised.
- 6) Ensuring considered use of resources of all kinds, including the promotion of recycled and recyclable materials whenever possible.
- 7) Ensuring that waste is managed in line with legislation and that all parties involved in waste production, transportation, transfer and disposal process comply with their duty of care regarding waste control.
- 8) Periodically review environmental legislation to which the company's activities are subject to ensure continued compliance.

Protecting the environment makes good commercial sense and is also an investment in the future, both short term and long term, SAY Scaffolding Ltd is therefore firmly committed to adopting this policy as a means to achieving this.

A handwritten signature in black ink, appearing to read 'P. Wetten', followed by a long horizontal line extending to the right.

Mr P Wetten
Managing Director.
